The National Commission for Culture and the Arts (NCCA) is the overall coordination and policymaking government body that systematizes and streamlines national efforts in promoting culture and the arts. The NCCA promotes cultural and artistic development: conserves and promotes the nation's historical and cultural heritages; ensures the widest dissemination of artistic and cultural products among the greatest number across the country; preserves and integrates traditional culture and its various expressions as dynamic part of the national cultural mainstream; and ensures that standards of excellence are pursued in programs and activities. The NCCA administers the National Endowment Fund for Culture and the Arts (NEFCA).
